## St. Ann's Primary School - Welcome Back

It has been lovely to see everyone once again following the Easter break.

Even though the Government have scaled down the 'lockdown' and some places have re-opened, the COVID 19 virus is still out there, and you and your family could still catch it.

Thank you very much for those of you who continue to **wear masks** and **social distance** - this is vital as we aim to keep our families safe from the virus. This will continue throughout this summer term - until we know more from the government.

Remember - Hands Face Space

## School Break In

Just before the Easter break, we had a break in at school - the burglars damaged a lot of school property such as windows and doors and they also stole several IPADS that your children use for their learning. It is so frustrating because the money used to repair the damage could have been used for more creative purposes and the IPADS cannot be replaced straight away.

The police have been to visit and they will be loaning us some CCTV equipment and they have also said that they will send their patrols past our school too.

We now operate a cashless system at school, as you know through the payment of dinners digitally - this means that we have no cash whatsoever on the school site. So the burglars seem to be aiming to steal the children's IT equipment - which is shocking because they have been bought to support your children's learning.

We have spent a lot of money trying to ensure that you have IPADS/Tablets/Lap tops at home and that we also have enough in school - this is because we care about our pupils and want them to achieve their potential.

Should anyone try to sell you an IPAD, please refuse this offer and contact the police or school. The IPADS have been 'blocked' and this means that they cannot connect to the internet or be used by other individuals apart from St. Ann's School.
